

HARD SURFACE ROAD BUS ROUTE SCHEDULE 2015-16

If it becomes necessary to implement the “hard surfaced road only schedule” we will notify the public the same way that we presently use for notification of bad weather (posted on our web site, KWIX-KRES, KMMO, KMZU, KZBK, KOMU Text Caster, and KOMU (Channel 8 in Columbia).

If for some reason it becomes necessary to allow our school buses to travel only on hard surface roads, we will follow this time schedule as close as possible. Remember that these are only approximations. The exact times may vary somewhat. If you live on a gravel road, you should bring your child to the closest stop. If you live on one of the hard surfaced roads, we will make the normal stop.

Please keep this for future reference.

Donnie’s Route North/Lake Nehai Route
